Made in	Birmingham, UK

DESK SCREENS

Performance, setting up and care

Reaction to fire

B-s1,d0

To **BS EN 13501-1:2018**. Classification reports available on request.

Sound absorption

α_w 0.30 Class D

To **ISO 354**. Material figure for 12mm board, measured direct-fixed against a rigid backing. A screen stands free with both faces exposed, a different mounting, so this is not a figure for the screen itself.

Setting up

Brackets **SOLD SEPARATELY**

- Screens fix to the desk with brackets, sold in pairs.
- Choose desktop brackets in silver or black, or silver desk clamps in 26mm or 58mm depths.
- Check your desk against the clamp depth before you order.

Foldable screen **NO FIXING**

- Three panels fold into a self-supporting U shape.
- Stands on the desk with nothing to fix.
- Folds flat when not in use.

Desk first. Brackets and clamps depend on the desk. We confirm your desk and bracket choice with you before your order is made.

Care

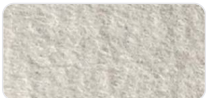

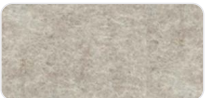

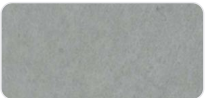

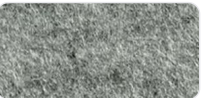

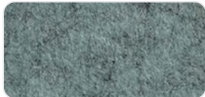

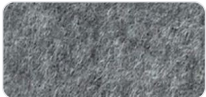

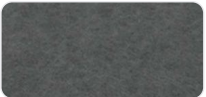

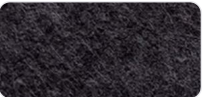

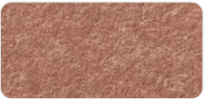

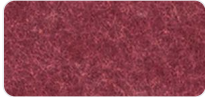

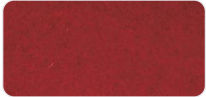

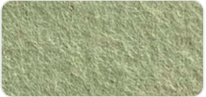

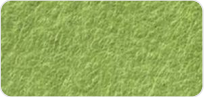

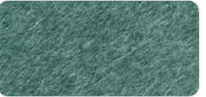

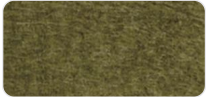

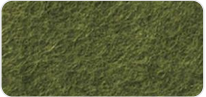

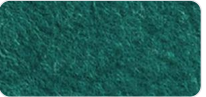

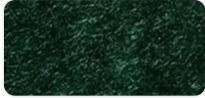

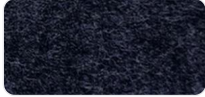

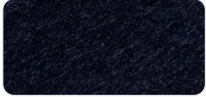

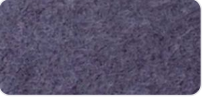

- Dust with a soft brush or a vacuum on low with a brush head.
- Lift marks with a clean damp cloth. Blot, do not rub.
- Do not use solvents, bleach or aggressive cleaning products.
- Keep clear of direct heat sources.

Figures are typical values. Felted may update this sheet as products develop. Issue 1, September 2026.

DESK SCREENS

Colours

Every 12mm desk screen comes in 48 colours. Each screen is one colour.
